July 2023

Year 6 STEM Trip

Dear Parents/Carers,

As you know, due to the teaching strikes on 5th July, the children are no longer having their transition day at St Bede's. To replace this day, we have organised for the class to visit STEMfest 2023. This is an event organised by STEM north east, which gives the children an opportunity to meet over 50 North East businesses delivering hands-on activities, showcasing the range of careers and job roles available in the STEM sector in our region. You can find more information at [North East STEM Hub :: STEMFest 2023](#).

Children will be leaving school on the 5th July at around 9am and will return in time for their normal school finishing time. Children will need to bring a packed lunch; these can be provided by school. If you would like your child to have a school packed lunch, please fill in the online form which has been sent out by the office. Please can you bear in mind that the venue is operating a 'No Nuts' policy for those at the event who may have severe allergies. As this is a summer event, we may experience warm weather on the days of the event. Students are encouraged to bring a filled water bottle to the event. There is a water refill station at the event should your child need to refill their bottle. Children will need to wear their school uniform, no leavers hoodies but they can wear trainers if they wish to.

There will be a photographer and film crew at the event. If you do not wish for your child to feature on any photos or videos from the event, please inform the school office or Mr Haveron so we can make the even staff aware. These students will be issued a red lanyard and the photographers and videographers will ensure they do not feature in any media from the event.

If you have any questions, please don't hesitate to contact me.

Mr Haveron
